Name: Due Date:

Heraldry Project <u>Minimum</u> (*i.e. less than this is not a passing effort/grade*) Requirements:

1. Construct a coat of arms using the rules of medieval (not modern) heraldry. Each design <u>will</u> have (**at least/no less than**) 1 division, <u>1 ordinary/sub-ordinary</u>, <u>your cadency mark</u>, and <u>1 properly displayed charge</u>. Size should be 11x17 minimum to 17x22 maximum. Note, any/all submissions that do not met all of above requirements will be considered incomplete and returned to the student to finish/redo correctly before I can count it, received for a grade.

2. This design <u>must</u> use the tinctures and charges that match your personality. See your notes and decide which best represent your personality.

3. One neatly typed clearly written (in paragraph form) explanation of each of the tinctures, charges, etc. and how they represent you. You will be asked to explain (<u>not</u> read) this to us in class.
